## Hate Crime Information

Year	Hate Crime Violation	Hate Crime Basis	On Campus: Residence Hall	On Campus: Other	Total On Campus	Non-campus	Public Property
2018	Destruction, Damage, or Vandalism of Property	National Origin	1	0	1	0	0
2016	Intimidation	Race	1	0	1	0	0

## Annual Fire Safety Report

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for Kenyon College.

### Definitions

The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act:

**On-Campus Student Housing:** A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.

**Fire:** Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

### Residence Hall Fire Drills

Quarterly fire drills are conducted in all on-campus residence halls during the school year to allow occupants to become familiar with and practice their evacuation skills. The drills are conducted by the Housing and Residential Life staff and Campus Safety.

## Fire Safety

Kenyon College takes Fire Safety very seriously and continues to enhance its programs to the College community through education, engineering and enforcement. Community Advisors receive special training, which includes identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

All College residence halls have emergency evacuation plans and conduct quarterly fire drills during the school year to allow occupants to become familiar with and practice their evacuation skills.

Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a fire safe living environment. Newer College operated residence halls and apartments are provided with automatic sprinkler systems. All buildings have smoke detectors and building fire alarm systems to provide early detection and warning of a possible fire emergency.

The College maintains and tests all fire alarms and automatic fire suppression systems in accordance with the appropriate National Fire Protection Association Standard to insure system readiness and proper operation in the event of a fire emergency.

The College has adopted and developed numerous Safety Policies and Guidelines to help promote a safe living and work environment at all College locations. These policies, guidelines and other fire safety information can be accessed on the Internet at [kenyon.edu/directories/offices-services/campus-safety/emergency-information/](http://kenyon.edu/directories/offices-services/campus-safety/emergency-information/).

Additional protection is provided by Campus Safety Department Officers who are trained for initial response to fire incidents occurring at College facilities. Officers provide assistance in building evacuation and extinguishment / confinement of small fires. Also, 8 Kenyon students have been trained and serve as full-time volunteer firefighters and EMTs with the College Township Fire Department. More information about the College Township Fire Department can be found at [www.collegetownshipfd.com/Personnel.html](http://www.collegetownshipfd.com/Personnel.html).

## Fire Statistics: 2018

List of fires that were reported for the calendar year of 2018.

Date reported	Case number	Nature of fire	Date & time of fire	Location
1/28/2018	F00001-2018	Fireworks shot out of resident hall	1/27/2018 2337	Hanna Residence Hall
2/3/2018	F00002-2018	Trash can inside dining hall was smoking, a burnt cup found inside can.	2/3/2018 1343	Peirce Hall
10/15/2018	F00003-2018	Plastic kettle placed on stove burner.	10/15/2018 1711	McBride Residence Hall

### Fire Incident Reporting

Students, faculty and staff are instructed to call 911 to report a fire emergency. Non-emergency notifications (e.g. evidence that something burned) are made to Campus Safety at 740-427-5000.

### Plans for Future Improvements in Fire Safety

Kenyon College continues to monitor trends related to residence hall fire incidents and alarms to provide a fire-safe living environment for all students. New programs and policies are developed as needed to help ensure the safety of all students, faculty and staff.
