

KAP: Political Science 200
Kenyon College/Beechcroft High School
Mrs. Amanda Cox
2016-2017

KAP MISSION STATEMENT: The Kenyon Academic Partnership, KAP, is a collaborative educational project between Kenyon College and selected secondary schools in Ohio. KAP seeks to provide good students with college-level courses taught in their schools and supported by Kenyon faculty. Through these courses students can experience the intellectual challenges that will enhance their pre-college education and prepare them for successful and enriching college careers. Finally, KAP seeks to create a common educational ground for Ohio's public, private, and parochial students and faculty, one that will address students from all backgrounds and all economic levels.
