3 (CDS C6).	Do you have an open admission policy, under which virtually all secondary school graduates or students with GED equivalency diplomas are admitted without regard to academic record, test scores, or other qualifications?									
	Requests for modification of open admissions requirements should be made by email to collegesurvey@collegeboard.org .									
	If so, check which applies:									
	Open admission policy as described above for all students									
	Open admission policy as described above for most students, but									
	selective admission for out-of-state students									
	selective admission to some programs									
3.1 (C6.1).	. Please use the following lines to write a brief statement about how your admission decisions are reached. If your institution has an open admission policy but has specific admission criteria for certain groups of students or for certain programs, explain those qualifications here.									
	Secondary school record and personal character most important followed by test scores, class rank, recommendations, essay, talent, activities and interview. Alumni relationship, ethnicity, geographical residence and work experience considered.									
4 (C24.0)	. Does your institution enroll international students?									
	Yes									
	No O

Indicate your admission policies on interviews, auditions, portfolios and essays: Interviews required Essay or personal statement required Other: C7.2. Describe any special admission requirements or procedures for students with learning disabilities: **SAT and ACT Policies** CDS C8. Entrance exams A. Does your institution make use of SAT, ACT, or SAT Subject Test scores in admission decisions for first-time, first-year, degree-seeking applicants? Yes No If yes, place check marks in the appropriate boxes below to reflect your institution's policies for use in admission for Fall 2018. Require Recommend Require for Some Consider if Submitted Not Used SAT or ACT ***** ACT only SAT only SAT and SAT Subject Tests or ACT SAT Subject Tests B. If your institution will make use of the ACT in admission decisions for first-time, first-year, degree-seeking applicants for Fall 2018, please indicate which ONE of the following applies (regardless of whether the writing score will be used in the admissions process): ACT with Writing required ACT with Writing recommended ACT with or without Writing accepted If your institution will make use of the SAT in admission decisions for first-time, first-year, degree-seeking applicants for Fall 2018, please indicate which ONE of the following applies (regardless of whether the Essay score will be used in the admissions process). Please note: The College Board launched a redesigned SAT in Spring 2016 that has an optional Essay component. SAT with Essay required SAT with Essay recommended SAT with or without Essay accepted C. Indicate how your institution will use the SAT or ACT essay component; check all that apply: SAT essay ACT essay For admission For placement For advising In place of an application essay

policies are reported separately, base your score use practice on the two sections (Evidence-Based Reading and Writing, and

Please note: If your institution already has a practice on file with the College Board, it will be displayed below. You can either keep or change your score-use practice.

Highest Section Scores Across Test Dates Version 1 (Evidence-Based Reading and Writing, Math)

[Your Institution's name here] has indicated that it considers your highest section scores across all SAT test dates that you submit. Feel free to send any additional scores that you want to make available to [your Institution's name here].

Highest Section Scores Across Test Dates Version 2 (Evidence-Based Reading and Writing, Math)

[Your Institution's name here] has indicated that it considers your highest section scores across all SAT test dates that you submit. Only your highest section scores will be considered as part of the final admissions decision. Each time you submit

scores, [your Institution's name here] will update your record with any new high scores.

[Your Institution's name here] strongly encourages you to submit your scores each time you take the SAT. Sending your scores each time you take the SAT can benefit you by allowing [your Institution's name here] to consider you for all available enrollment opportunities.

Single Highest Test Date Version 1 (Sum of Evidence-Based Reading and Writing + Math)

[Your Institution's name here] has indicated that it considers the SAT scores from you single highest test date (the sum of Evidence-Based Reading and Writing + Math). Feel free to send any additional scores that you want to make available to [your Institution's name here].

Single Highest Test Date Version 2 (Sum of Evidence-Based Reading and Writing + Math)

[Your Institution's here] has indicated that it considers the SAT scores from your single highest test date (the sum of Evidence-Based Reading and Writing + Math). Only your highest scores will be considered as part of the final admissions decision. Each time you submit scores, [your Institution's name here] will update your record with any new high scores.

[Your Institution's name here] strongly encourages you to submit your scores each time you take the SAT. Sending your scores each time you take the SAT can benefit you by allowing [your Institution's name here] to consider you for all available enrollment-related opportunities.

All SAT Scores Required for Review

[Your Institution's name here] has indicated that it considers all SAT scores in its review process and requires that you submit all SAT scores from all test dates.

Contact Institution for Information

Please contact [your Institution's name here] for information about its use of SAT scores.

If your institution has provided a URL for its web site, the Student-Focused Description will read: For information about [your Institution's name here]'s use of SAT scores, please visit [your Institution's name here]'s web site at [[your University name here]'s URL], which is owned by [your Institution's name here]. If you encounter any problems, please contact [your Institution's name here] directly.

Freshman Profile

Provide percentages for **ALL enrolled, degree-seeking, full-time and part-time, first-time, first-year (freshman) students** enrolled in Fall 2016, including students who began studies during summer, international students/nonresident aliens, and students admitted under special arrangements.

CDS C9. Percent and number of first-time, first-year (freshman) students enrolled in Fall 2016 who submitted national standardized (SAT/ACT) test scores. Include information for ALL enrolled, first-time, first-year (freshman) degree-seeking students who submitted test scores. Do not include partial test scores (e.g., mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item. Do not convert SAT scores to ACT scores and vice versa. Do convert New SAT scores (2016) to Old SAT scores using the College Board's concordance tools and tables (sat.org/concordance).

The 25th percentile is the score that 25 percent scored at or below the 75th percentile score is the one that 25 percent scored at or above.

H. Financial Aid

Financial Aid

CDS H1. Aid Awarded to Enrolled Undergraduates

Enter total dollar amounts awarded to enrolled full-time and less than full-time degree-seeking undergraduates (using the same cohort reported in CDS question B1, "Total degree-seeking" undergraduates) in the following categories. Note: If the data being reported are final figures for the 2015-2016 academic year (see the next item below), use the 2015-2016 academic year's CDS question B1 cohort. Include aid awarded to international students (i.e., those not qualifying for federal aid). Aid that is nonneed-based but that was used to meet need should be reported in the need-based aid column. (For a suggested order of precedence in assigning categories of aid to cover need, see the entry for "non-need-based scholarship or grant aid" in the definitions section above.)

Indicate academic year for which data are reported for items H1, H1A, H2, H2A, H3, and H6:

- 2016-2017 estimated
- 2015-2016 final

Which needs-analysis methodology does your institution use in awarding institutional aid?

- Federal methodology (FM)
- Institutional methodology (IM)
- Both FM and IM

[Survey respondents are encouraged to use zeros throughout the H Need-based aid (include section, if/when appropriate. Blanks will not be populated automatically with zeros.]

non-need-based aid used to meet need) \$

m) Average need-based loan (excluding PLUS loans, unsubsidized loans, and private alternative loans) of those in line ${\bf f}$ who received a need-based loan	\$ 2501	\$ 4115	\$

CDS H2A. Number of Enrolled Students Awarded Non-need-based Grants and Scholarships:

List the number of degree-seeking full-time and less-than-full-time undergraduates who had no financial need and who were awarded institutional non-need-based grant or scholarship aid. Numbers should reflect the cohort awarded the dollars reported in H1.

Note: In the chart below, students may be counted in more than one row, and full-time freshmen should also be counted as full-time undergraduates.

	First-time, Full-Time Freshman	Full-time Undergrad (inc. fresh)	Less than Full-time Undergrad
n) Number of students in line ${\bf a}$ who had no financial need and who were awarded institutional non-need-based scholarship or grant aid (exclude those receiving athletic awards and tuition benefits)	66	196	
o) Average dollar amount of institutional non-need-based scholarship and grant aid awarded to students in line \boldsymbol{n}	\$ 14585	\$ 16799	\$
p) Number of students in line \boldsymbol{a} who were awarded an institutional non-need-based athletic scholarship or grant	0	0	
q) Average dollar amount of institutional non-need-based athletic scholarships and grants awarded to students in line ${\bf p}$	\$	\$	\$

H3. Student aid and college costs

Numbers should reflect the cohort to which responses in H1, H2, and H2a refer. Data from these three questions (as well as responses in CDS B1, CDS G1, and CDS H1) will be used by the College Board for its annual reports on aggregate amounts of student aid, tuition discounting, and college costs. These reports do not refer to institutions by name; data are presented in categories such as 4-year private, 4-year public, etc., so that individual institution data cannot be identified.

Indicate academic year for which data are reported for items $\mathbf{H1}$, $\mathbf{H2}$, $\mathbf{H2A}$, $\mathbf{H3}$, and $\mathbf{H6}$:

H18. Provide any additional information regarding financial aid policies and procedures.

Financial aid incentive guarantees a loan-free education for 25 students with the greatest need who bring the qualities of creativity, community service, and leadership.

H19. Use these lines, if you wish, to describe any non-need-based merit scholarship opportunities that you would like prospective freshmen to know about. List the name of the award, amount, basis for selection and number of awards available.

Honor Scholarships, Science Scholarships, Trustee Opportunity Scholarships: averages around \$16,000 a year; competitively based on excellence in academic achievement, extracurricular leadership, and community involvement. Distinguished Academic Scholarships: \$2,000-\$10,000; based on academic accomplishment, standardized test results, and extracurricular achievement. Scholarships for National Merit finalists available.

I. Instructional Faculty and Class Size

Report the number of instructional faculty members in each category for Fall 2016. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

CDS I1. The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include if they teach one or more non-clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e)faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional", including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: example, M. Arch (in architecture) and MFA (master of fine arts in art or theater), or theological professions (MDiv, MHL).

Full-Time Part-Time

2/19/2016		Print Survey	
	a. Total number of instructional faculty	166	47
	b. Total number who are members of minority groups	35	9
	c. Total number who are women	71	25

f. Total number with doctorate or other terminal degree | 165

CDS I2. Student to Faculty Ratio

d. Total number who are men

Report the fall 2016 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty. If faculty teach graduate students and are not part of a stand-alone graduate school they should be included in the student to faculty ratio calculations and counts, if graduate students are not part of a stand-alone graduate school they should be included in the student to faculty ratio calculations and counts.

22

33

Fall 2016 Student to Faculty ratio:	9	to 1 (based on	1694	students and	181	faculty

95

CDS I3. Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2016 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2016. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

Number of Class Sections with Undergraduates Enrolled.

Undergraduate Class Size (provide numbers)

Class Sections	2-9	10-19	20-29	30-39	40-49	50-99	100+	Total
	83	212	109	16	5	3	0	428

J. Degrees Offered and Awarded

CDS J. Disciplinary areas of DEGREES CONFERRED

Degrees conferred between July 1, 2015 and June 30, 2016

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Please note that the only certificate reported in the Degrees Conferred chart below is the certificate below the Associate degree. Any/all other certificates (i.e., Postbachelor's certificate, Post-master's certificate) should not be reported in this chart.

C=Certificate BELOW the Associate degree; A=Associate; B=Bachelor's

L. List of Majors

null

L1. Using the list below, which was formerly identified as question "A7" of the Annual Survey of Colleges (with the "first professional"

label), indicate the availability at your institution of the following graduate programs. Note: The National Center for Education Statistics (NCES) has eliminated the first professional designation for advanced degree programs. Check advanced degrees offered at your institution in the fields of study below: Dentistry, D.D.S. Medicine, M.D. Optometry, O.D. Osteopathic Medicine, D.O. Pharmacy, Pharm.D. Podiatry, D.P.M. Veterinary Medicine, D.V.M. Chiropractic, D.C. Law, J.D. Theological professions (e.g., Master of Theology, Master of Divinity, Doctor of Ministry, Doctor of Theology) Rabbinical professions (e.g., Master of Hebrew Letters and Rabbinical Ordination/Rabbinical and Talmud Studies) L2. The majors below conform to the Classification of Instructional Programs (CIP) 2010. Select the appropriate checkboxes for each major offered by your institution. Do not select more than one name for each major, and do not select a checkbox if only a course or concentration is offered in that subject. Click on *User Guide* in upper right-hand corner of page for detailed List of Majors instructions. Please note that the only certificate reported in the List of Majors is the certificate below the Associate degree. Any/all other certificates (i.e., Postbachelor's certificate, Post-master's certificate) should not be reported in this chart. C=Certificate BELOW the Associate degree; A=Associate; B=Bachelor's; M=Master's; D=Doctorate; T=Teaching certificate Majors 1. Agriculture, Agricultural Operations, and Related Sciences (01.)
